# FINITELY PRESENTED GROUPS: Where do we go from here?

There have been great strides in understanding the structure of finitely-presented groups. This conference addresses possible new directions for future development in the field. The conference includes a workshop aimed at graduate students and junior researchers.

## Speakers:

**Gilbert Baumslag**

The City College of New York, CUNY  
Distinguished Professor of Computer Science

**Mladen Bestvina**

University of Utah  
Distinguished Professor of Mathematics

**James W. Cannon**

Brigham Young University  
Orson Pratt Professor of Mathematics

**Peter H. Kropholler**

University of Glasgow  
Professor of Pure Mathematics

**Alexei Miasnikov**

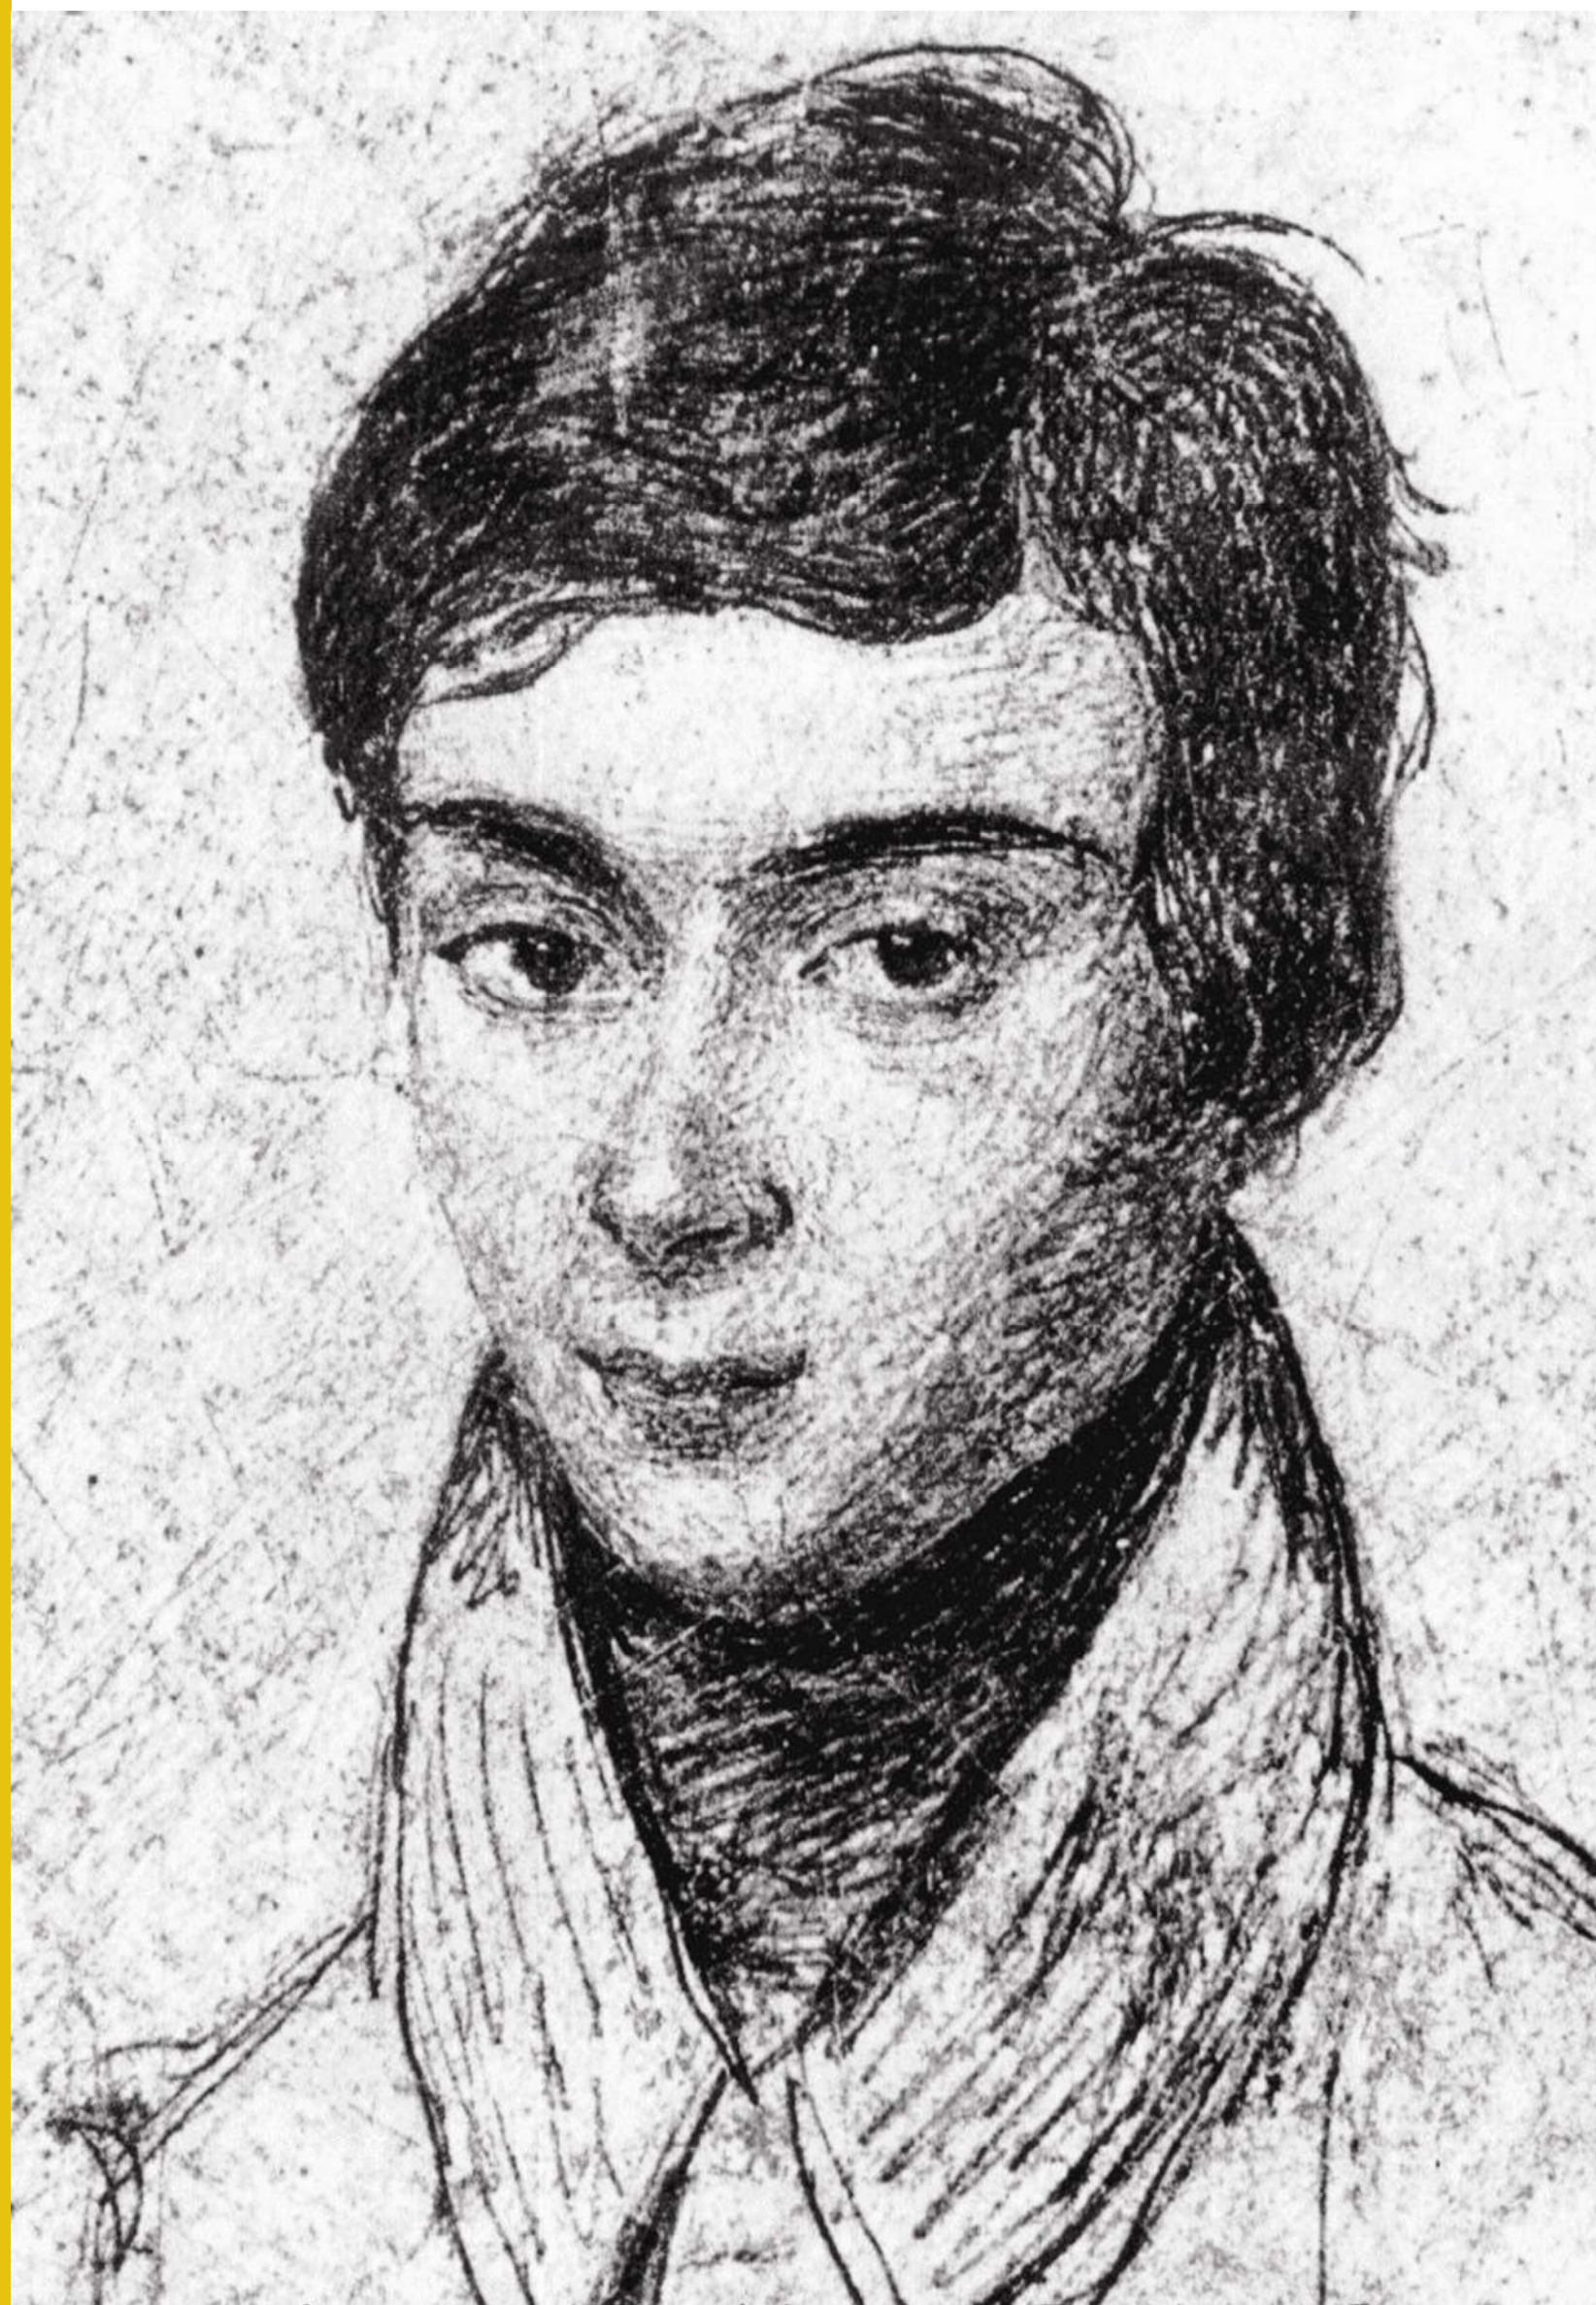

McGill University  
Canada Research Chair

**Zlil Sela**

Hebrew University  
Professor of Mathematics

**William Thurston**

Cornell University  
Jacob Gould Schurman Professor of Mathematics

**October 1<sup>st</sup> and 2<sup>nd</sup>, 2009**

**Steinman Hall, First Floor  
The City College of New York  
160 Convent Avenue  
New York, NY 10031**

**Funded by The National Science Foundation  
and the City College of New York  
Sponsored by CAISS**
